

WHITE LAKE

Correspondence of the Bill Poster,

The fathers of the M. E. Church while engaged in moving their sheds got to running horses, up set their bobs and piled the fathers up in piles along the road; the horses ran away breaking loose from the sleigh on John Garner's stone hitching post, and ran through Andrew Garner's board fence and wheat field before being captured; no body hurt, and slight damage to horse harness and sleigh. Will not call any names this time, but look out next time fathers.

Mr. S. Voorhels is very sick; his recovery is very doubtful.
