

WHITE LAKE

Correspondence of The Bill Poster

We wish you to notice our portion of the county as well as our adjoining district, No. 1, We wish in particular to notice our friend "Racket." The goat that he speaks of isn't the goat that he generally rides, because its color is white. He talks very favorably of the Grange, and talks a great deal of riding the black goat, but we should judge from the appearance of the white goat that he is about rode out. The goat is one of the original goats from Four Towns, and its master would feed it sugar from his hands.

Our school is under good way of becoming one of the first-class schools of the county. Its teacher is Miss M. Hunt.

We are sorry to learn that our black smith is about leaving the center, and we shall regret his absence, as he is one of the best blacksmiths in the county.

Dell R. Smith has a good writing school consisting of 23 students, who are all improving in penmanship.

Lookout.
